Songwriter Stories is a fascinating music discovery podcast, featuring in-depth interviews about the craft of **melodic pop** songwriting.

Host **Dave Caruso** draws on his decades of experience as an indie songwriter to engage listeners and guests with **talk about songwriting**. Dave's first guest was British hitmaker **Tony Macaulay**, who wrote or co-wrote 8 number one songs in the UK and 3 in the US. Recent guests have included songwriter and master collaborator **Bill DeMain** and songwriter / guitarist **Vicki Peterson** of the **Bangles**.

Songwriter Stories was named in PlayerFM's September 2019 "**Best Songwriting Podcasts**," as well as in Feedspot's "**20 Songwriting Audio Podcasts and Radio You Must Subscribe and Listen To in 2019**."

At **SongwriterStories.com**, you can navigate the **The Studio** by tapping or clicking controls on an audio console. Each set of episode dials leads to an audio **Interview**, a **Writers Room** for bonus materials, and a link to the guest artist's **Website**.

You can listen and subscribe to **Songwriter Stories** wherever you podcast.
